

Afri Grow (Pty) Ltd Partners with Gamma Diagnostics Inc. to Bring a Revolutionary Medical Diagnostic Kit to Africa

Mossel Bay, 9th August 2023 - Afri Grow (Pty) Ltd, a leading medical distribution company, is thrilled to announce the SAHPRA approval of the GammaCoeur™ CVD Risk ELISA Test System and finalization of an exclusive distribution agreement with Gamma Diagnostics Inc., a global pioneer in medical diagnostics. This partnership marks a significant milestone in the advancement of healthcare in the African continent, with an initial focus on South Africa.

The collaboration between Afri Grow and Gamma Diagnostics Inc. aims to introduce the GammaCoeur™ ELISA a cutting-edge diagnostic blood test that revolutionizes the way healthcare professionals diagnose cardiovascular risk and potentially various other medical conditions. The efficacy and accuracy of this kit holds immense potential in improving patient outcomes and reducing the burden on healthcare systems across Africa.

Securing approval and licensing from the South African Health Products Regulatory Authority (SAHPRA) allows Afri Grow (Pty) Ltd to import and distribute the GammaCoeur™ CVD Risk ELISA Test System. This endorsement underscores Afri Grow's commitment to adhering to the highest standards of quality and safety in bringing this groundbreaking technology to the South African healthcare market.

"We are truly excited about this exclusive partnership with Gamma Diagnostics," said Adriaan du Plessis, CMO at Afri Grow (Pty) Ltd. "The innovative medical diagnostic kit has the potential to transform medical practices and improve patient care significantly. We are proud to have obtained the SAHPRA approval, which showcases our dedication to delivering cutting-edge healthcare solutions to our customers."

"We couldn't be more thrilled about SAHPRA's approval and the partnership with Afri Grow Ltd. Our founder's mission and consequently our company's, has been to bring the GammaCoeur™ ELISA to markets and patients that need it most. This approval allows our proprietary test to be distributed all across Africa and potentially help physicians make better treatment choices", stated Ajay Nair, Board Chairman and President of Gamma Diagnostics Inc.
